

A photograph of two people, a man and a woman, both wearing glasses and smiling. The man is pointing towards a whiteboard on the left. The woman is looking at him. The photo is overlaid with a green tint. The man's shirt has the NOVUM AUTOMATION logo on it.

Engineered industrial automation solutions.

From maintaining obsolete controls hardware to minimizing down-time in lean operations, there's no margin for error in staying competitive and profitable.

Our nimble, experienced team tackles both aggressive timelines and iterative ongoing developments with ease, effectively facilitating the adoption of Industry 4.0 with absolute efficiency.

OUR MISSION

Support industrial manufacturing teams in production and R&D environments with automation controls expertise.

OUR FOCUS

Industrial Automation

Automated Test Systems

Software Development

Electrical Panel Building

Visit novumautomation.com for case studies on recent projects that we designed, developed, delivered, and installed:

An overhauled production conveyor control system in under **4 months**

An optimized in-line industrial production oven in under **5 months**

A scalable palletizer control system in under **4 weeks**
